

Stay part of the CheckUP Community

Membership renewal

At CheckUP we understand the issues, opportunities and challenges involved in the successful delivery of primary health care initiatives. With that knowledge we bring together a network of organisations with a proven track record of healthcare innovation united with the goal of creating healthier communities.

Our membership program strengthens our role as a connector of people and organisations.

Over the past 12 months, we have been reviewing our membership program to discover how we can best support our members and provide value to you. As part of this review, CheckUP will have two membership categories as of 1 July 2022 – Organisational Members and Supporters.

We invite you to renew your Organisational Membership with CheckUP for the 2022-2023 financial year for the price of \$500 per annum.

By staying part of the CheckUP community, your organisation will:

be connected to a community of likeminded organisations via discounted training and events, and by promoting your work through our newsletters;

be informed by receiving regular CheckUP e-newsletters and communiques and having the opportunity to leverage and share knowledge, expertise and resources with other member organisations; and

be involved by collaborating with CheckUP on healthcare projects including our annual Health in Focus survey and our health service delivery initiatives.
